Getting Ready for Day 1

— Mrs Tye-Low Lee Chern, Vice-Principal (Academic)

TRANSITION TO PRIMARY 1

- **Transition is the process when a child encounters a move into a new environment, for example when a child moves from pre-school to primary school. It requires a child to adapt to an unfamiliar setting.**
- **A smooth transition is made when your child:**
 - feels safe and comfortable in their new environment
 - is able to manage the daily challenges of school life

TRANSITION TO PRIMARY 1

When your child enters primary school, they will experience:

TRANSITION TO PRIMARY 1

In primary school, your child will be quipped with skills to:

- Adjust to a larger learning environment
- Interact with more peers and teachers
- Adapt to longer school hours
- Become more independent and responsible

Parents may access the video via:
<https://go.gov.sg/transition-to-primary1>

TRANSITION TO PRIMARY 1

What are the tasks that your child should be able to do independently?

- Personal hygiene eg. going to the toilet, hand washing, tying shoelaces, buttoning their shirt/blouse/uniform
- Looking out for traffic
- Organising school bag
- Counting money and receiving change
- Asking for permission

HOW CAN I SUPPORT MY CHILD DURING THIS TRANSITION?

- **Support** your child and encourage them to overcome challenges with you
- **Affirm** your child by recognising small successes and praising their efforts
- **Familiarise** your child by easing them into new routines and sharing with them your experiences in primary school
- **Empathise** and acknowledge your child's feelings

Supporting your child's transition through Primary 1

Build a caring home environment to nurture the social and emotional skills of your child using these S.A.P.E. tips.

SUPPORT

- Contact some time over weekend to play games and have fun together.
- Visit playgrounds or swimming pools at your convenience.
- Encourage your child to make new friends.
- Try out FTGP Family Time activities.

AFFIRM

- Encourage your child when he makes observations.
- Ask him what he likes about school and ask why he feels that way.
- Recognise small successes and let him make another one.

FAMILIARISE

- Find out what primary school has to offer students there.
- Acknowledge how you can ease your child into new routines.
- Plan daily routines together, e.g. wake up earlier than usual, pack lunch bag.

EMPATHISE

- Teach your child words that describe his/her feelings.
- Acknowledge your child's emotions.
- Understand your child's needs, e.g. Sleep well, eat well, exercise well, have a lot of sleep.

TALK

- Talk about fond memories of primary school.
- E.g. What did in Primary One and what they enjoyed most.

ASK

- Ask about teacher thoughts and what they liked about the school.
- E.g. FTGP and what teacher felt inspired.

DISCUSS

- Discuss together what can be done to make the transition smoother.
- E.g. Right time to start routines.

QUICK TIPS

- Listen without interrupting.
- Read your head and ask questions to show interest and affirmation.

This booklet is for guidance only. If you are concerned about your child's development, please seek professional advice. We do not claim that this booklet will prevent or cure developmental difficulties. It is for general information only.

Parents and School Partnership

How parents can connect with the school

- **As a parent, you are the key navigator of your child's growth.**
- **Your child will benefit the most when we put your child at the heart of what we do.**
- **Having a close partnership with school will help you to better understand your child's learning experience in school, so that you can provide him/her the necessary family care, support and reinforcement at home.**

Some tips on how to support your child's learning

- **Praise your child's good efforts, and not only his/her successes.**
- **Don't dwell on mistakes and academic marks. Rather, always encourage your child to strive for improvement.**
- **Give your child the confidence to seek help from his/her teacher.**
